Gainesville Daily Sun

VOL. XXIV, NO. 57 GAINESVILLE, FLORIDA. TUESDAY, APRIL 16, 1907 TEN CENTS A WEEK

BONILLA IS GIVEN AMNESTY BY CAPTORS

The Former President Is Offered Passage Abroad.

CENTRAL AMERICAN WAR ENDS

The Surrender Was Absolutely Without Any Conditions, But President Bonilla's Passage Abroad Was Guaranteed.

Paris, April 15.—The Nicaraguan legation on Saturday received a dispatch from foreign Minister Gomez at Managua, dated Friday, confirming the surrender of Amapala, Honduras, and adding:

"The surrender was absolutely without any conditions, but we guaranteed President Bonilla's passage abroad.

"The Salvadoran government is sending peace commissioners to the city of Amapala."

Washington, D. C., April 15.—The state department Saturday received a dispatch from United States Consul Philip Brown, at La Union, Honduras, saying a peace conference would be held at the Port of Amapala between President Zelaya, of Nicaragua, and President Figuero, of Salvador, immediately on the surrender of Amapala, which is expected momentarily.

Dispenser Charged with Shortage.

Columbia, S. C., April 15.—W. H. Wolfe, dispenser in charge of the dispensary at the union station in Columbia, was arrested on the charge of embezzling county funds after he had been dismissed on charges of intoxication by the county dispensary board. The shortage is said to be about $1,500, which is covered by Wolfe's bond in the Title Guaranty and Security company for $5,000. Wolfe was dispenser under the old state dispensary system and was recently recalled by the county boards. Charges of drunkenness were preferred against him a few days ago and he was dimissed. It was not until after, that the shortage was discovered.

Wants Millions for Sufferers.

St. Petersburg, April 15.—Premier Stolypin Friday presented a bill to parliament providing for the appropriation of $11,500,000 as a supplementary credit for famine relief and asked for the earliest discussion of the matter on account of the urgency of the situation. The central committee for famine relief reports that the spread of scurvy and other diseases necessitates a large appropriation for medical assistance. The Zemstvo of Omar provinces, in which scurvy is most prevalent, has telegraphed to the committee that it is without funds for medical supplies and is unable to secure credit.

New Orleans Man Kills Self.

Mobile, Ala., April 15.—Dr. M. F. Grosart, supposed to have relatives at No. 4018 Magazine street, New Orleans, La., committed suicide here by cutting his throat with a razor. He made an incision in his throat an inch and a half long, severing the jugular vein and the carotoid artery. The man came here several days ago and was well supplied with money, and carried an expensive wardrobe. He told several people during the early part of the week that he was going to end his life. The body is being held awaiting instructions from relatives.

Treatise on Numismatics.

Rome, April 15.—A treatise on numismatics, written by King Victor Emanuel, has just been published. It consists of an enumeration, reproduction and description of his collection of coins said to be the most complete in the world. The king will present copies to the principal foreign museums. The work will not be put on sale.

RAILROAD MUST MOVE GRANITE

Commissioner Stevens Investigates Conditions at Lithonia.

Atlanta, April 15.—"I'll have the situation at Lithonia cleared up within ten days, or I'll know the reason why," said Railroad Commissioner O. B. Stevens, as he returned Friday from that point, where he went to investigate the charges that mnay carloads of granite had been allowed to accumulate without the Georgia railroad making any apparent effort to remove them or forward them to their destination.

Commissioner Stevens went to Lithonia as the result of a complaint which was made against the Georgia railroad by Hooper Alexander, member of the legislature from DeKalb county.

Mr. Alexander complained that 200 cars had been allowed to accumulate at Lithonia and at other quarry points in DeKalb county, and that the railroad seems to be making no effort to relieve the situation. The result was that the business of the granite quarries was practically paralyzed, and it looked as if many men might be thrown out of work.

"My investigation showed," Commissioner Stevens said, "that there are 115 loade dcars of granite on the side tracks at Lithonia alone. These have been accumulating there all the way from about March 20 up to date. The railroad company moved 40 cars day before yesterday, I was informed but there are still 115 cars at this point waiting to be moved. The granite people down there told me all they wanted was a chance to do business, and they could not do it unless their stuff was handled more promptly. The Georgia railroad trainmaster said the reason the granite had not been moved more promptly was that they could not get it out of Atlanta on account of the congestion in the yards here.

"I informed them that the commission would insist on a prompt handling of this traffic. I think likely it will be done, but if not, we will know the reason why."

Raced Against Death.

Chicago, April 15.—A dispatch to the Tribune from Iowa City, Iowa, San Antonio, Tex., to Iowa, Captain Hansen E. Ely, of the United States says that racing against death from army, reached Iowa Cityy Friday just thirty minutes after his wife died. By train, carriages and automobiles Captain Ely sped homeward. Relays were arranged by telegraph, and the officer covered a wide stretch of territory in automobiles. Mrs. Ely was kept alive by stimulants and indomitable will a day longer than the attendant physicians had deemed possible, and constantly said, until she lost consciousness: "I must live until my husband comes." The deceased was a victim of pneumonia, contracted while at her grandmother's funeral. Four children, the youngest a baby of 8 weeks, survive.

Real Daughter of Revolution.

New York, April 15.—Mrs. Rhuna Miller, the only real daughter of the revolution, was 100 years old Friday, and she made a day of celebration of it at her home in Mount Vernon. Mrs. Miller's father, Colonel Seth Webb, was a lieutenant on the const guard during the revolution. Mrs. Miller played the double honor of hostess and guest of honor, for from various parts of the state came children, grandchildren, great-grandchildren, and one great-great-granchild to do her honor. She was not too feeble to receive the hundreds of callers who passed in and out during the day.

Black Hand Society Blamed for Fires.

New Orleans, April 15.—As the result of an investigation of the fire which swept the Italian quarter of Lutcher, La., destroying 22 buildings, the authorities in St. James parish have declared that the fire was the work of a "black hand" society. Only a few weeks ago a fire in the same section, believed to have been of incendiary origin, destroyed 19 buildings. The fire on Friday originated in a building owned by Sam Cera, which had only recently been erected in place of a building destroyed in the first fire.

MISTRIAL DECLARED IN THE THAW CASE

Jury Stood 7 for Conviction; 5 for Acquittal,

ON THE GROUNDS OF INSANITY

Disagreement of the Jury Was a Great Disappointment to Thaw, Who Thought Up to the Last Minute that He Would Be Acquitted.

New York, April 15.—Although bitterly disappointed over the mistrial, especially since he had believed up to the very last minute that he would be acquitted, Harry K. Thaw is bearing up bravely. Indeed, his composure is on a part with the remarkable good spirits he showed during much of his protracted trial and the wearisome hours before the jury gave up its task. So sanguine was he of freedom that shortly before the jury came for the last time into the court room, he wrapped up a large bundle of letters and papers which he meant to take with him from his cell, when he was told by Messrs Peabody and O'Reilly that the jury could not agree he dropped his bundle of papers to the floor, speechless and disheartened but he presently recovered his courage.

The news of the discharge of the jury reached the hotel Lorraine some time before the arrival of the automobile containing Mrs. William Thaw, her daughters and the Countess of Yarmouth and Mrs. George L. Carnegie and Joshua and Edward Thaw. The prisoner's mother bore herself with the fortitude that she has exhibited all through and when asked if she had anything she wished to say about the trial and its results, she looked her questioner straight in the face and kept silent. The countess of Yarmouth was also calm, but she was paler than her mother. On the eother hand, Mrs. Evelyn Nesbit Thaw, who reached the hotel shortly after this, was excited and flushed. Members of the Thaw family sent telegrams to various cities, even abroad. The countess of Yarmouth cabled her husband in England, the words: "Great disappointment."

A number of interesting incidents are being related about the jury's doings during its long hours in its room. After the case had been given to the twelve men, Juror Pfaff suggested that the deliberations be preceded with a prayer. Juror Gerstman objected, on the ground that he was of the Jewish faith, but he was pursuaded to hear it.

His consent was coupled with a provision that he be permitted to offer a prayer of his own after Christian prayer. There was no objection to this and thus two prayers were said.

Conflicting accounts are being given of the effect of the nervous strain, the sleeplessness and the stubborn attitude of one part of the jury toward the other. Several of the men say that the past twenty-four hours of their confinement was filled with such angry disputing that at least twice one of the men held out for acquittal most came to blows with another juror who was determined upon conviction. But Juror Harry C. Brearley, who furnished the papers with a detailed account of his and his fellow jurors' acts, denies this and insists that the nervous strain they were all undergoing and their conscientiousness resulted only in some lively arguments which were magnified afterwards into quarrels. Rumors are rife despite statements tending to minimize them, that owing to disagreements over Thaw's present counsel, only Daniel O'Reilly will be retained for the next trial. When Mrs. William Thaw was asked as to Mr. O'Reilly's retention however, she declined to speak of it. Then again, it is reported that the Thaw family may go back to their original counsel, the firm of Black, Olcott, Gruber and Bonyge. Estimates are being made of the total cost of the trial.

STOOD UPON HUSBAND'S FACE.

Afterwards He Killed His Wife, the Servant Girl Testifies.

New York, April 15.—Dr. Samuel S. Guy, former coroner of Queens county, was held to await the action of the grand jury, following a coroner's inquest into the death of his wife, Mrs. Lillion Mott Guy, who was shot and killed at her home in Far Rockaway, on the night of April 8. The jury found that Mrs. Guy died from a shot wound at the hands of some person unknown to the jury.

Anne Hanson, the servant in the house, told of the quarrel between the doctor and his wife, and how Mrs. Guy fell dead at the servant's feet.

Counsel Mathot, in his cross-examination, gave no inkling of what the defense would be, but stated that Guy did not do the shooting.

The girl said she heard Dr. Guy and his wife quarreling, and she heard Mrs. Guy tell the doctor that she would have him arrested. Witness said Mrs. Guy grabbed her husband by the coat collar, and pulled him into the kitchen, where he fell onto the floor. Mrs. Guy stepped on her husband's face and breast, and remained there until the doctor promised that he would be good. She then got up, and the two went into the dining room, Mrs. Guy going last, and closing the door. Witnesses said she was startled a few minutes later by two shots in rapid succession, and then Mrs. Guy came running into the kitchen, and fell dead at witness' feet with a cry of "Oh!"

She testified that she went back to the house an hour and a half later with an officer, and that they went up to the doctor's bedroom and found a pistol in the bureau drawer. On the cross-examination, she said she had never seen the pistol in the bureau drawer before. The last time she saw the pistol was two months previous in a grip belonging to the doctor.

Wife's Death Drove Him Crazy.

Gainesville, Ga., April 15.—A writ of lunacy has been sworn out for T. H. Daniel before Ordinary Dyer, and he will probably be sent to the state sanitarium at Milledgeville. He recently attempted to end his life by taking a quantity of laudanum at his home at Fliwery Branch. In a conversation with friends only a few days ago he stated that his troubles were almost unbearable since the sorrow of his wife's death had come upon him. Mr. Daniel is said to have been extremely violent for the last few days. He has long been highly regarded by those who knew him, and much sorrow will be caused by his recent misfortune.

Mad Dog Bites Crawford Lady.

Lexington, Ga., April 15.—Mrs. Massey, of Crawford, a lady prominent in this part of the state, being a daughter of the late Marcus Pharr, of Washington, Ga., and a sister of the wife of Judge Hamilton McWhorter, of Athens, was bitten by a rabid dog. Muuch alarm is aroused and all the dogs in Crawford have been killed. Dr. B. Chedel, of this place lost a horse thought to be mad early in the week. The death of the horse confirms this opinion.

Jury Still Out in Swint Case.

Waynesboro, Ga., April 15.—The jury in the Swint case has been out since 3 o'clock Friday afternoon without reaching a verdict. An effort was made to secure jurors in the Pope case, and only seven were drawn. The defense withdrew their plea, and Judge Hammond then discharged the jury and granted an order passing the case until the October term of court. Court will be adjourned after the verdict in the Swint case.

Opposition to Treaty Strengthened.

New York, April 15.—A dispatch to the Herald from Puerto Planta, San Domingo, says that the opposition to the American treaty has been strengthened by the letter of Senator Heyburn, of Idaho, in which he said he favored such a convention with Santa Domingo because it meant one step toward annexation. The news of the letter, the dispatch says, has caused much agitation, but it is believed that the treaty will pass, although in a modified form.

FOREST FIRES RAGE IN FLORIDA COUNTY

Thousands of Dollars' Worth of Property

DESTROYED BY THE FLAMES

Fire Is Still Burning and Untold Damage Will Result If Rain Does Not Soon Fall—Driest Season Ever Experienced in this section.

West Palm Beach, Fla., April 15.—Forest fires swept down on Lavatonia two days ago.

Two days ago the railroad depot and the Liman's Packing House were endangered, but finally saved.

Mr. Hornest's large residence and its contents were completely destroyed by the fire. The loss is estimated at $3,000.

A dwelling owned by L. W. Burkhardt was also a total loss; loss $400.

The fire is still burning, and is now headed for West Palm Beach.

Another woods fire is at the head of Lake Worth. It burned the old and abandoned court house at June, the former county seat, and several dwellings; loss estimated at from five to six thousand dollars. The fire is still burning in this vicinity.

The weather is still very dry, and forest fires in nearly every direction are causing great damage.

If rain does not come soon, further forest fires are apprehended, as it is the driest season ever known in this section of Florida.

Relief for Famine Sufferers.

St. Petersburg, April 15.—Ambassador Riddle has transmitted to Baron de Meyendorff, head of the Russian Red Cross, $5,000, collected through the American Red Cross for the relief of the famine sufferers in Russia. The only other American contribution received by the embassy is $250 sent by Mr. Elynski, of Davenport, Iowa. Mr. Elyinski, who was born in Russia, explains in a letter accompanying the contribution that he is a poor machinist and that the remittance represents a great part of his savings but he could not enjoy the money while unfortunates in the Fatherland were starving. The money was turned over to the American church fund. The free economic society, which is conducting extensive relief work has received $20,000 from New York.

Lost Control of Car.

Cleveland, April 15—Three passengers and a motorman were seriously injured when the latter lost control of his car, running down a steep incline on Scranton avenue. The brakes refused to work and the car plunged down the hill at a terrific speed. After colliding with a wagon the car, which carried aabout twenty passengers, jumped the track at a curve and struck a bridge abutment. The panic-stricken passengers became wedged in the doorway and were eventually released by firemen. W. J. Seelch, the motorman, was pinned under the wreckage. His legs were broken and crushed. Three passengers sustained injuries, but all, it is believed, will recover.

Frank Riley Meets Death.

Atlanta, April 15.—Locked in his bedroom at his home, Rev. Frank Riley, 56 years of age, at one time a member of the South Georgia Methodist conference, was found in an unconscious condition, asphyxiated by gas. He died shortly after being discovered, without regaining consciousness, so it could not be determined whether the gas was intentionally turned on by the ex-minister or whether its escape was due to some accident.

Entire Family Burn to Death.

Fort Werth, Tex., April 15.—An entire family reported to consist of eight persons, was burned to death early Saturday morning in a fire at Gunter, Tex. The names of the dead are not yet known.

A TERMINAL CHURCH GRAND BUILDING

When Furnished Finest and Most Modern Churches in the State.

FURNISHINGS MADE TO ORDER

They Are Now En Route and Will be Installed as Rapidly as They Come. Mission Services Begin Today, Conducted by Archdeacon Webber.

Sunday marked an epoch in the history of the parish of Holy Trinity and witnessed the first services held in the new church.

The building is as yet incomplete, but temporary accommodations have been arranged and the congregation will be able to use the building continuously. The oak wainscoating is now on the way from Cincinnati, where it was made, and will be one of the most striking features of the church, extending around the whole building to a height of five feet, four inches. The altar, verandas, Bishop's chair and credence are now being made in Manitowoc, Wis., and will be of very handsome dark oak carved by artists from the celebrated Passion Play community at Oberammergau, Germany. The font, of white Vermont marble, and a magnificent brass eagle lectern, will be shipped from New York in a few days.

One of the handsomest sets of stained glass windows in the South has been ordered from St. Louis and will be installed as fast as they can be made. Handsome oak doors, a tiled sanctuary floor and steps of blue Bedford stone for sanctuary and altar platform are among the other permanent ornaments for which arrangements have been made.

During the week, beginning this evening, a series of mission services will be held by Archdeacon Percy C. Webber of Boston, one of the greatest preachers in the country, and it is hoped that a deep and lasting impression will be made, not only on the congregation of Holy Trinity Church, but on the community at large. Services will be held daily at 7 a. m., 4 p. m. and 8 p. m. Archdeacon Webber will preach at every service.

The parish has been very fortunate in securing the services of Archdeacon Webber, who is one of the ablest and most eminent preachers in the country. He is by no means a stranger to Florida, as for the past two years he has held missions in the parishes of the State.

The public generally is invited to come and hear this great man.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

GAINESVILLE FURNITURE COMPN'Y

PRESBYTERY WILL MEET HERE TODAY

Interesting Session Will Be Held With First Presbyterian.

A LARGE CROWD EXPECTED

Session Will Be Opened This Evening With Sermon by Moderator, Rev. W. E. Boggs of Jacksonville—All Meetings Will Be Public.

The Presbytery of Suwannee, comprising the territory of all counties east of the Suwannee river, including Marion and Putnam counties on the south, and of which Rev. W. E. Boggs of Jacksonville is churchman, Rev. L. R. Lynn of Palatka secretary and J. D. Matheson is treasurer, will begin a three-day session in the First Presbyterian Church in this city Tuesday night, the opening sermon being delivered by the moderator, Dr. Boggs.

The principal churches in the territory are Jacksonville, Gainesville, Palatka, Ocala, Lake City, Live Oak, White Springs, High Springs, Fernandina, Micanopy, McIntosh, Alachua and Lake Butler, although there are many smaller charges.

The business meetings will be held in the morning and afternoon of each day, followed by preaching in the evening. The business meetings of the court are open to all who desire to be present, and a cordial invitation is extended to the public to attend the evening services.

The following delegates are expected to be present:

Ministers—Revs. Dr. W. E. Boggs, Jacksonville; Paul F. Brown, Jacksonville; L. R Lynn, Palatka; J. L. D Houston, Keuka; Dr. C. W. Humphreys, McIntosh; Dr. W. H. Dodge, Ocala; E. W. Way, Fernandina; Dr. I. W. Waddell, Archer; G. E. Thompson, High Springs; J. F. Ford, Live Oak; E. A. Sample, Alachua. Elders C. D. Rinehart, Jacksonville; A. E Smith or Thos. McCredie, Micanopy; Christopher Matheson, Gainesville; T. J. Horn, Live Oak; Bates, Alachua; A. Means, Mikesville; Hawthorne, New Hope; J. W. McCollum, White Springs; W. H. H. McLeod, Jasper; S. J. Barstow, Palatka; H. C. Walkup, McIntosh; Prince, Johnson; C. D. Wood, Archer; McLaughlin, Fairfield; Robinson, Reddick; Henderson, High Springs; J. D. Alderman, Lake Butler.

MR. DOW'S MISFORTUNE.

Was Stricken With Paralysis While Seated at His Desk.

While seated at his table writing a life insurance policy, W. E. Dow, one of the most prominent of the younger business men of Gainesville, was stricken with paralysis about 2 o'clock Monday afternoon, and later taken to his home, 109 West Court street, where he now lies in a helpless condition, his entire left side being rendered useless.

The information of Mr. Dow's misfortune was a great shock to his wife and friends, as he appeared in excellent spirits up to the time of the attack. As soon as the attack was noticeable Drs. J. H. Colson and J. F. McKinstry, Jr., were summoned and rendered all professional aid possible.

At a late hour Monday night the patient was resting as easily as possible under the circumstances, and his friends hope he will soon recover. Mrs. Dow has the sympathy of the community in her husband's misfortune.

WILL GIVE A CHOWDER.

Municipal Club Will Tender Members and City Officials Big Dinner.

On Tuesday, April 16, at 1:30 o'clock, the Municipal Club will give a fish chowder on the Burnett lot, East Union street, just east of Crawford & Davis' stable, to which all members and all city officials are cordially invited.

Bring your own bowl and spoon. The club will furnish the fish and bread, and those present will do the eating. By order of

THE COMMITTEE.

Sealed Bids For Paving East Main Street.

Sealed bids will be received until Saturday, April 20th, 1907, at 8 o'clock p. m., for paving East Main street from north side of Liberty street to north side of Boundary street. Specifications can be obtained of W. W. Hampton, secretary. Bids must be sent to W. W. Hampton, secretary, with certified check for $500. Contract and maintenance bond required. Right reserved to reject any and all bids. BOARD OF PUBLIC WORKS.

Per W. W. HAMPTON, Sec.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

VISITOR FROM THE KLONDYKE.

Gerald Petre Comes to Visit His Brother Who is Now Living Here.

Among the prominent visitors to this city is Gerald Petre, who is on a visit to his brother, O Petre. Mr. Petre makes his home in Dawson City, Alaska, where he holds a government position. He is now on a six-months' leave of absence.

Mr. Petre states that the work of gold-mining is still being pushed energetically in Alaska, the Klondyke region especially, but the greater part of the fields are under control of the Guggenheimer Company of America and Europe, who are the largest and most extensive and wealthiest mining brokers in the world, owning mines all over the world, with an investment of millions of dollars. He declares that the time has passed for poor men who are speculators. While as a matter of course they are welcome, their "stakings" are similar to working a farm on shares—the other fellow gets the best.

Mr Petre is a great personal friend of Elmer E. White, at one time connected with The Sun here, and who is now publishing a paper at Whitehorse, Y. T.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

SAFE-BLOWERS GOT A JOKE ON FENNELL

"Hooked" Four Quarts of Liquor While Imprisoned in Cell.

WERE HAVING A BIG TIME

Their Talkative Mood Suggested to Jailor to Investigate, When That Officer Found Men Had Brought Whiskey to Cell by Means of a Wire.

Sheriff Fennell, who is regarded as one of the best officials in the State, has discovered that there are others equally as shrewd as he, and even "sharper" in some instances, though that is saying a great deal. He permitted the safe-blowers, Bolton, Riley, Bennett and Harvey, to hand him a lemon in this direction Friday night.

When Captain T. E. Bridges, the State transfer agent who was taking the men to the mines, arrived in Gainesville Friday afternoon, the genial Sheriff welcomed him with his usual hospitable spirit, and proceeded to lock the noted Green Cove Springs bank robbers up for the night for safe-keeping.

It happened that Sheriff Fennell confined the prisoners in a cell in close proximity to a quantity of confiscated "blind tiger" whiskey which he had stored in the corridor. Nothing was thought of the matter, but the shrewd safe-blowers "caught on," and with a wire which they secured from around an old stove pipe in a corner of the cell they made an improvised hook, and before many moments had succeeded in hooking and bringing through the bars a quart each of "booze." They were proceeding to have a good time when discovered, and the laugh was on the officers, who took the matter good-naturedly. "That's the best ever," chuckled Riley, as he was commanded to hand over the packages. The officers agreed with him.

Three of the prisoners were taken to Dutton mines Saturday. These were Riley, Bennett and Harvey. Bolton, the man who was wounded at the time of his arrest, was taken on the afternoon train to Ocala. His condition is such that the physicians do not believe he will recover.

The men were in good spirits, and appeared anxious to begin their sentences in the convict camps. They attracted a great deal of attention as they were marched through the streets, but did not seem to object to the curious stares of the public.

THE NEWS FROM MELROSE.

Delightful Launch Party and Picnic. Other Notes.

Melrose, April 13.—Mrs. E. M. Marshall and Miss M. Barker left on Tuesday for a trip on the East Coast.

The last service of the season at Trinity church was held on Sunday, Vice-Archdeacon Goodwin officiating. They will be resumed in the fall. At a meeting of the members the accounts of the church were presented and found correct. H. von Noszky and L. Sutton as alternate have been selected as delegates to the Diocese meeting to be held at Gainesville next May.

Quite an exciting runaway took place Sunday afternoon from in front of the Huffman House, when a double team from Waldo, frightened by the ringing of the dinner bell, broke loose and not only reduced a buggy to scrapheap, but also demolishd parts of J. A. Remmel's fence.

The high winds prevailing during the past week have done a lot of damage to the turpentine farms by blowing down a large number of the boxed trees.

Mrs. H. W. Hamlyn gave a most enjoyable launch party and picnic in honor of Miss Helen Johnson on Thursday afternoon. During the very delightful trip across Lake Santa Fe the party was treated to a rare sight in the shape of a large white sea gull hovering for some time over the boat. It had evidently been blown in shore by the recent high wind; when last seen the bird was heading towards the Atlantic coast. A landing was made in the canal, and after a stroll in the woods delicious refreshments were served and much appreciated. The return trip was a regular "Saenger fest," winding up with three hearty cheers for the hostess.

A Similarity.

Boarder—There's something wrong with the coffee. Boarding Mistress—Yes, that's like you—slow about noticing.

REBEKAHS ARE GONE.

Left for St. Petersburg, Where Degree Team Will Work Wednesday.

The degree team of Colfax Rebekah Lodge No 2, I. O. O. F., who will confer the degree work at the Grand Lodge session of the order in St. Petersburg Wednesday night, left Monday for the South Florida city.

This team is under command of Captain J. W. Blanding, and is as follows: Mesdames M. B. Saunders, L. A. Jernigan and A. M. Cushman; Misses Maude Shutt, Mamie Hill, Bettie Gossf Ida Colman, Nellie Colman, Kittie Carlisle, Clara Runkle, Gertrude Robertson, Nell Dempsey, Maude Neville, Lina Tousey, Alice Butler, Nell DaCosta, Nettie Robb, Tirzah Witherspoon, Maude McKay, Laura Baird and Myrtle Fennell.

This team enjoys the reputation of being the best in the State, and the selection is quite an honor to Colfax Rebekah lodge, as well as to Gainesville.

The team will be the guests of the St. Petersburg Rebekahs while absent. They will be given an excursion across the bay to Tampa today.

Messrs. Robert McClellan and J. H. Blake left with the party, as representatives of Center Lodge No. 11, I. O O. F.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

"BUTLER EDGAR."

Fatally Wounded Nephew.

New York, April 15.—Angered because he had been reproved for leaving a window open near his bed, Frederick Mattheson shot and probably fatally wounded his nephew, George Hoffman, with whom he had lived. Mrs. Hoffman and Arthur Goubelman a nephew of the Hoffmans.

HEAVY SHIPMENT OF FISH FRIDAY

Ninety-Five Barrels Went by Express to Foreign Markets.

THE FISH WERE FINE AND FIRM

The Lot Comprised a Fine Collection of Varieties—Alachua County Fish Seem to be Choice and Bring Good Prices.

As an evidence of the importance of the fishing industry in this immediate section, it may be mentioned that on last Friday there were consigned from this point by express ninety-five barrels of choice fresh water fish of different varieties, which were caught within a comparatively short distance of Gainesville. These fish were of uniform length and size, were very choice, and were consigned to various sections of the country, principally Macon and Atlanta, both of which are great fish markets.

When one stops to figure the quantity of fish in ninety-five barrels, the figures are amazing—and more amazing when it is learned that the "catch" was a twenty-four hour haul.

This fishing industry, as unimportant as it may appear, is one of the best in this section, as scores of men are employed, all of whom receive excellent compensation for their labor. At Alachua Sink alone there are employed a large number, while other fishing grounds are equally important.

The Alachua county fish seem to be chice in the market, bringing extra fancy prices.

WOODMEN'S CIRCLE.

Organized Friday Night With Good Membership—Sycamore Grove.

The Woodmen's Circle lodge was organized last Friday night by the organizer, Mrs. S. A. White.

There was a large attendance and great enthusiasm was manifested. Sycamore Grove is very fortunate in securing such unusual talent and intelligent officers, as well as members. The entire membership is composed of the best people in Gainesville.

Every member of the Woodmen's Circle are urgently requested to meet on Thursday night at the Masonic Hall, as there is a great deal of business to be transacted. All come without fail. We are determined to make this the banner lodge of Florida.

A SOVEREIGN.

Right Breathing Cures Catarrh.

Simple Way to Kill Catarrhal Germs in Nose, Throat and Lungs.

If you cut your finger, you don't attempt to heal it by swallowing a pill or a dose of medicine.

It is just as foolish to try and cure catarrh of the nose and throat with pills and stomach dosing, for catarrh is a local disease, and needs special local healing treatment.

The only natural and common-sense method known for the cure of catarrhal troubles is Hy-o-mei. It is breathed through an ingenious pocket inhaler, so that its medicated air reaches the most remote air-cells of the nose, throat and lungs, killing all catarrhal germs, soothing the irritated mucous membranes, and restoring a healthy condition.

If you suffer from catarrhal troubles, such as offensive breath, raising of mucous, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing, or a feeling of tightness across the upper part of the chest, you should begin to use Hy-o-mei at once. It will destroy all disease germs in the nose, throat and lungs, and provide the blood with additional ozone.

The complete Hy-o-mei outfit with inhaler costs but $1. So strong is J. W. McCollum's faith in the power of Hyomei to cure all catarrhal troubles, that with every dollar outfit, he gives an iron-clad guarantee to refund the money unless the remedy gives satisfaction.

Trust Company Closes Doors.

Philadelphia, April 11.—The Lincoln Savings and Trust company, of this city closed its doors Wednesday. The company is one of the city depositories.

Non-alcoholic Sarsaparilla

If you think you need a tonic, ask your doctor. If you think you need something for your blood, ask your doctor. If you think you would like to try Ayer's non-alcoholic Sarsaparilla, ask your doctor.

A TERRIBLE MISTAKE UNCLE BILL MADE

When Furnishing Up the New Residence of Hettie and Harry.

After buying everything for the young couple, Uncle Bill thought that their happiness was complete. But when visiting them the first night in their new home, he found Hettie in tears. He was sure that something terrible had happened, and Uncle Bill could not stand tears—not in the eyes of a young and beautiful woman.

"The light," sobbed Hettie, "the light; I wanted to try my new sewing machine tonight but could not thread the needle. I also wanted to play something for Harry on my new piano, but could not read the music. I guess we'd better move back East again, where we have plenty of light, and cheap light." Uncle Bill was dumbfounded—he had never thought of it before! He was used to seeing all the sewing and piano playing done in Gainesville in daytime, except for some reckless soul who did not care for their eyesight.

"Come," said Uncle Bill; "come, let us take a walk and forget the light business for a while." And so they went around the square and to the postoffice, where they all stopped as if thunderstruck! Right across the street from the postoffice were three lights burning on a window—three beautiful stars in a sea of darkness. "The 'Best Light!'" exclaimed Hettie, and she started across the street so that Uncle Bill and Harry could hardly keep up with her. She broke into the Gainesville Automobile Co's. in such a flurry that the manager, B. Lilienblum, dropped his half-smoked cigar and accidentally stepped on it; but when he found out that she wanted to buy a "Best Light," he did not mind the loss of a half-cigar, but figured out how many new ones he could buy for the profits of the sale. In the meantime Uncle Bill and Harry also got there. Mr. Lilienblum politely explained to them the simpleness and cheapness of the light, that they give full 100 candle-power for four hours for only one cent, that they are passed by insurance underwriters as the safest lamp on the market and that the company guarantees them for full 12 months. Even Uncle Bill got excited and declared that "Hettie shall have a light in each room and in the parlor she shall have a chandelier." "I don't see," said Uncle Bill, "how I ever got along without this light, and I shall get some lights for my own house, because home is not a home without a 'Best Light.'"

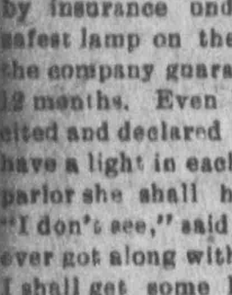
SHORT TALKS BY L. T. COOPER.

"HOW TO KEEP HEALTHY."

"I am not a believer in too much medicine. Don't take medicine all the time. Get a good tonic and take it until the old vitality returns then stop. A general tonic and system renovator should be taken in the spring and fall. For this purpose there is nothing better on earth than Cooper's New Discovery, but I advise no one to take this medicine or any other all year long. Give nature a chance. Establish regularity in movement of the bowels. Drink plenty of water but not at meal time. Chew your food very carefully and eat slowly. Sleep with the window open, don't be afraid of fresh air and do not eat a great deal of grease. Be regular at meals. Go to bed and get up at the same hour each day if possible. Take a bottle of Cooper's New Discovery twice a year and your life should be long and healthy.



MISS MIDDLETON.

Here is what Cooper's New Discovery does for run-down people who need a tonic:

"I have been sick for a number of years with stomach trouble and also from backaches and headaches. Sometimes I became so weak I could not stand on my feet. My food did not seem to nourish me and I could not gain strength. I felt tired to death all the time. Nothing I took helped me, and hearing so much of the Cooper medicines I decided to try them.

"I have taken two bottles of Cooper's New Discovery with the most remarkable results. I now feel entirely well. My appetite is fine, I sleep well, have no more headaches and am quite strong again. I cannot express my thanks for what these medicines have done." Sallie Middleton, 1957 Central Avenue, Cincinnati, Ohio.

Ask us about these medicines.—We sell them.

J. W. McCollum & Co.

TWO SISTERS HAVE ECZEMA OF HEAD

Two Illinois Girls Suffer from Scalp Trouble—Another Sister Needs a Tonic—Friend Suggests Cuticura—They Use It and Now Give Much Praise to All Cuticura Remedies

"I must give much praise to all the Cuticura Remedies. I used but one cake of Cuticura Soap and one box of Cuticura Ointment, as that was all that was required to cure my disease. I was very much troubled with eczema of the head, and a friend of mine told me to use the Cuticura Remedies, which I did, and am glad to say that they cured my eczema entirely. Since then we have always kept the soap on hand at all times. My sister was also cured of eczema of the head by using the Cuticura Remedies. Another sister has used Cuticura Resolvent and Pills and thinks they are a splendid tonic. I cannot say exactly how long I suffered, but I think about six months. Miss Edith Hammer, R. F. D. No. 6, Morrison, Ill., Oct. 3, 1906."

EVERY CHILD

Afflicted with Torturing Disfiguring Humors

Becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong, and mar its future happiness, and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the purest and most effective treatment available, viz: warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, the great Skin Cure. Cures made in infancy and childhood are usually speedy and permanent.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, On Humors of Skin and Scalp.

Westbrook Was Nervy With Officer.

Macon, Ga., April 15.—T. W. Westbrook, who was wanted in Macon for jumping a bond for alleged implication in the riot of last fall in Macon, when a negro named Henry Fews was sought by an angry mob, was captured in Savannah by City Detective Amerson, and was started on his way to Macon, but escaped at Gordon. A close search enabled the officer to recapture his man, and he was returned to Macon. He had forfeited a bond of $300, and his bondsmen had paid the money into court. When the prisoner was brought in he pleaded guilty, and was fined in two cases. He boldly left the train while the officer had his eye off him.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

Epidemic of Measles.

Chicago, April 15.—A dispatch to the Dispatch from Gilmore City, Iowa, says. Seven dead, 200 stricken with measles, and the public schools closed for weeks, is the situation that has developed here in the last few days. The entire number has passed away within the last ten days. Those stricken Friday were Clifford Hunter, aged 4, and Mrs. Ben Warren, 42, years old. An attempt to open the public school after being closed for two weeks, met with a strong protest from one of the leading physicians of the town, when only 100 pupils out of a total of 250 appeared.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

ARRESTED IN NIGHT CLOTHING

Pirtle, His Wife, and W. H. Cape Arrested on Streets.

Huntsville, Ala., April 15.—Thomas Pirtle, a young man from the country, has been lodged in jail on a peace warrant for threatening the life of W. H. Cape. This is the latest development of a sensational case that came to light in the mayor's court.

Pirtle and his wife and Cape were arrested on the streets in their night clothing, and were charged with disorderly conduct. The woman claims that she and her husband occupy a room in a boarding house here adjoining Cape's room, and that her husband came in in an intoxicated and violent condition. She sought protection, she claims, in Cape's room but the violent husband pursued her with a pistol, and she and Cape took flight.

The latter hints that the whole occurrence was planned as a scheme to rob him, and he may swear out warrants against Pirtle and his wife for attempted robbery.

The Richest Man In the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

Negro Was Caught In Arkansas.

Cleveland, Ga., April 15.—Frank Dorsey, the negro who some time ago assaualted a little negro in Nacoochee valley and made his escape, was a few days ago captured in Fire City, Ark., he was tried in the superior court of White county, and was found guilty, with recommendation to mercy. As it was rather a doubtful case, the judge only gave him five years in the penitentiary.

Jews Ordered To Leave Town.

Gomel, Ruussia, April 15.—A band of reactionist rowdies armed with revolvers and knives paraded the principal streets here entering all the Jewish stores and ordering the merchants, under pain of death, to leave the town within three days. Representative Jews have telegraphed to Premier Stolypin and the governor of Mohay, asking for protection against the excesses.

Gentle and Effective.

A well known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. Sold by all druggists.

Who is the Republican leader that is too convivial and "saw things?"

It is hardly to be supposed the railroads will demand any rebate on those alien coal lands they are returning to the government.

In addition to being the home of the gerrymander, Ohio now has the distinction of being the originator of the Hepburn boomlet.

Representative Rainey has overlooked one thing. He has not told us anything about the tipping evil in the Panama restaurants.

Although President Roosevelt won the Nobel peace prize, he still walks around with a chip on his shoulder and a warlike frame of mind.

Of those 28 honest Pittsburgers, 15 formerly lived in Philadelphia, and recently when they moved the vote was able to make it unanimous.

Senator Penrose is evidently out of favor at the White House. He has a favorite son in Senator Knox for the delegation to the Republican national convention from Pennsylvania to vote for and is therefore "a conspirator."

When Harriman raised that $200,000 he says at the request of the President to save New York for the party of trusts and monopoly, he must have expected better treatment than to be called to the President's Ananias story.

The head of the furniture trust has fixed up that he has been restraining trade by conspiring with others to advance prices on school and church furniture. Thirteen companies are in the toils of the law and are subject to fine and imprisonment.

Those people who do not pay attention to politics between elections are to be pitied, for the Republican politicians seem determined to drag everything possible into the maelstrom of sectional quarrels and begin the campaign for President a year ahead of time.

There is evident need for a publicity law that will compel campaign managers to file a statement of the names of contributors of money and the amount given for campaign purposes with a view to it. But the Republicans will never pass such a law if they can defeat it.

It's a compliment to Prof. Tom Brush copied from a private communication from a prominent Western banker: "McBeath is a great, big-minded, big-hearted man. I have known him for fifteen years. He is a great man on the educational platform and gives us the most solid sentiment down we get at our associations."—Punta Gorda Herald.

What is the matter with those Iowa politicians who hissed the picture of Theodore Roosevelt and what does the audience mean by endorsing Governor Cummins instead of the President? They evidently remember that the President sat down on Gov. Cummins' anti-rebate reform program and stood by Dolliver, who is a standpatter and a dead duck in Iowa and elsewhere.

THE SIMPLE ISSUE.

The desperate effort being made to stampede President Roosevelt into doing what he does not want to do about the railroad issue is peculiar to say the least. Railroad magnates, with their safes full of watered stocks, Wall Street bankers with "the goods" on them and even members of the Cabinet have all tried their best to persuade the President to reassure the country on the "railroad situation." But political considerations stand in the way. The country is in no mood to be trifled with and popular opinion is heartily favoring the efforts of State Legislatures to "do something" to bring about cheaper passenger fare and reasonable freight rates. With rebates to the trusts abolished and free passes discontinued, the railroads must be making greater profits and yet the managers have conceded nothing to the people. The same old rates are being charged and yet the railroads are clamoring for President Roosevelt to help them.

How can the President help the railroads and if he could, should he?

For political reasons he may fear that the "railroad situation" may be so manipulated as to produce business depression, but that could hardly be with good crops unless the business conditions are rotten, or dependent on the railroads being allowed to continue charging unreasonable rates. The railroads are begging to be "let alone," which is always the prayer of the plunderer. The people had been led to believe that the railroad rate bill, as modified and agreed to by President Roosevelt, would give them relief. They have discovered their mistake and the State legislation, either enacted or in course of being enacted, is the natural result of their disappointment at the non effect of the new law of Congress. Many people are willing to wait for the coming Congress to pass more stringent legislation, but as that can only apply to interstate transportation, they are now helping themselves by reducing intra-State rates.

The railroad managers and bankers who are pleading with the Republican politicians to advise the President to "reassure the country on the railroad situation" must be in league to injure the President's popularity, for they both know that the most drastic legislation, State and national, is the popular ideal. The whole question at issue is summed up: "Shall the railroads continue to run the country through their Republican allies, or shall the people control the railroads?" Neither the Republican politicians nor President Roosevelt can change this issue.

The Jamestown Exposition, which opens on April 26th, 1907, will commemorate the birth of the United States three hundred years ago. It is the object of the Exposition to emphasize the historical, educational and intellectual development of the country, and especially desirable is it that there shall be a department of Southern literature. Many books have been published by authors from the South, but in few libraries is there to be found a good collection of books by Southern authors. It has therefore been agreed that such a collection shall be secured, and that The Taylor-Trotwood Magazine of Nashville, Tenn., through its literary editor, shall undertake this work. It is believed that publishers and authors in all parts of the country will co-operate in this movement.

Did Mr. Harriman pay that $50,000 he gave to the Republican National Committee out of his own pocket, or was it charged up to legal expenses of one of his railroads? Let us have publicity on these slush funds.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & Co., Toledo, O.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

Three men than whom none are higher in official life and whom it would not be supposed were good judges of whiskey, have at least settled the debated question of what constitutes whiskey, pure, straight and mellowed by age; and what constitutes blends, and finally, what constitutes imitations. These men are the President himself, Attorney-General Bonaparte, and Secretary of Agriculture Mr. Wilson. The question has for months been seriously considered and stubbornly debated between the men representing the whiskey interests and the government chemist and the Attorney-General. In substance President Roosevelt's order is that all so-called whiskeys shall be labeld for just what they are. Straight whiskey is the only kind of fire-water that will be permitted to bear the simple name of "whiskey." This decision has been awaited with intense interest by distillers and rectifiers throughout the United States. The government's chemist, Dr. Wiley, is authority for the statement that all but a few of them are putting on the market a variety of adulterated or blended liquors which are whiskies only in name. The decision, it need not be added, is in the interest of pure food, pure drugs, and in short, straight goods and a "square deal."

It will be difficult for President Roosevelt to make many people believe there is a Republican conspiracy, with a corruption fund of $5,000,000 hatched against him, unless he gives some sort of evidence of its existence. The majority of the people are ready to believe the worst of Republican politicians, such as receiving the trust funds sacred to the widows and orphans of policy-holders for corrupt purposes, but they did not believe it until the evidence was produced, for the President declared it was not true. He therefore may again be mistaken.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Home of Swamp-Root.

CAPUDINE CURES COLDS AND GRIPPE It removes the cause, soothes the nerves and relieves the aches and Feverishness. It cures all **headaches** and Neuralgia also. No bad effects. 10c, 25c and 50c bottles. (Liquid.)

MEN AND WOMEN. Use Big G for unnatural discharges, inflammations, irritations or ulcerations of mucous membranes. Painless, and not astringent or poisonous. **Sold by Druggists,** or sent in plain wrapper by express, prepaid, for $1.00, or 3 bottles $2.75. Circular sent on request.

CASNOW &

S.S.S. PURIFIE THE BLO

There is no other part of our physical system upon which ... depends as upon the blood. The muscles, nerves, bones, sinews ... other portions of the body are sustained, developed and enabled to perform their different duties, because they are supplied with nourishment and healthful properties through the circulation. In various ways the blood becomes contaminated and polluted. A sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, will leave the refuse and waste matter of the body to sour and form uric and other acids, which are absorbed into the blood and Rheumatism, or some itching, disfiguring skin disease is the result. Muddy, sallow complexions, eruptions, splotches, pimples, etc., all show that some humor has taken root in the circulation and rendered it sour and unfit for nourishing the body. There is scarcely any disease which cannot be traced to the blood. Often the disease-tainted blood of parents is handed down to children and their lives are a continual battle against disease in some form, usually of a scrofulous nature. Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, etc., are all deep-seated blood troubles, and until this vital fluid is purified they cannot be cured. For all blood diseases S. S. S. is the best remedy ever put upon the market. This great medicine is made of roots, herbs and barks of recognized blood-purifying and building-up properties. It goes down into the circulation and removes all poisons, impurities and humors, supplies the blood with the healthful properties it needs and completely cures blood diseases of every kind. S. S. S. cures Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, etc., because it purifies the blood. Book on the blood and medical advice free.

CRACK NUT SUNDAY.

Queer Method of Hearing a Sermon Still In Use In England.

"One fine autumn Sunday I attended a service in a north of England country church that would have driven a New York preacher clean crazy," said the man who travels. "The congregation didn't do a thing but sit around and crack nuts. Fancy a New York minister talking to a crowd of that kind! The modern preacher likes to have things quiet when he talks. It disconcerts him to hear a baby cry or a woman cough or an old man snore. If he is put out by such trifles as these, it is interesting to conjecture what he would do if he were to take hold of a congregation where everybody brought nuts to crack during the sermon.

"Worshipers, it seems, used to do this in England and even in our own states during colonial days. This disturbance was not a weekly occurrence by any means. If it had been, the poor preacher would have undoubtedly left his flock to administer spiritual consolation to suit themselves. But as it happened only once a year he was forced to endure it. This one day which was attended by such remarkable license came the Sunday before Michaelmas day and was called 'crack nut Sunday.' Nobody, no matter how pious he might be, hesitated to avail himself of the peculiar privilege granted him, and men, women and children came to church with their pockets stuffed with nuts, which they complacently cracked and munched during the sermon.

"It was that kind of a sermon that so impressed me with its oddity. It can be easily imagined that when forty or fifty people get to cracking nuts with all their might the noise is apt to be something terrific, and many times the minister was hard put to it to 'hear himself think.' That custom, from being regarded with high favor for many years, finally came to be looked upon as a nuisance, and the habit was suppressed, except in a few remote localities, although the act of suppression was attended with considerable difficulty, so firmly had the nut cracking fever taken hold of the fancy of the people."—New York Press.

TURPENTINE.

Moths will leave if it is sprinkled about.

Turpentine and soap will remove ink stains from linen.

Turpentine will remove wheel grease, pitch and tar stains.

Clean gilt frames with a sponge moistened in turpentine.

It will exterminate roaches if sprinkled in their haunts.

A few drops on a woolen cloth will clean tan shoes nicely.

A few drops added to water in which clothes are boiled will whiten them.

An equal mixture of turpentine and linseed oil will remove white marks from furniture caused by water.

Ivory knife handles that have become yellow can be restored to their former whiteness by rubbing with turpentine.

Carpets can be cleaned and colors restored by going over occasionally with a broom dipped in warm water in which a little turpentine is added.

Splendors of Cafes.

The cafes and hotels of New York are rivaling each other in the almost oriental splendor with which they have fitted up small rooms for dinner and after theater parties. At one cafe near Broadway the sides of one of these rooms are composed entirely of mirrors, after the French fashion, while the ceiling is covered with green leaves and grapes, bunches of pink and purple grapes of glass, within which are electric lights. The effect is that of a beautiful arbor. Another cafe has mirrors reflecting small red lights throughout the room, while the ceiling, also of mirrors, is an exquisite imitation of moonlight, the effect of which is obtained by electrics inclosed in globes of the color and sheen of moonlight seen through a delicate tracery of faint green leaves.—Exchange.

Silvering Mirrors.

Mirrors are usually silvered by coating the glass with amalgam. For this purpose a large, perfectly flat stone is provided, and upon it is evenly spread a sheet of tin foil without crack or flaw. This is covered to the depth of one-eighth of an inch with clean mercury. The plate of glass, perfectly cleaned from all grease and impurity, is floated on to the mercury by sliding, so as to exclude all air bubbles. It is then pressed down by loading it with weights in order to press out all the mercury which remains fluid. This is received in a gutter around the stone. After about twenty-four hours it is gently raised upon its edge, and in a few weeks it is ready to frame.

Up and Down.

Stranger—What are your terms? Hotel Clerk—Rooms a dollar up. Stranger—I'm a poet, and I want— Clerk—Oh, in that case our terms are a dollar down.—Boston Transcript.

Empty men are the trumpets of their own deeds.—Massinger.

All careful women use

ST. LOUIS, - MO.

Sold and Recommended by W. H. JOHNSON, Gainesville.

Queer Timekeepers.

To ascertain the time at night the Apache Indians employ a gourd on which the stars of the heavens are marked. As the constellations rise in the sky the Indian refers to his gourd and finds out the hour. By turning the gourd around he can tell the order in which the constellations may be expected to appear. The hill people of Assam reckon time and distance by the number of quids of betel nuts chewed. It will be remembered how, according to Washington Irving, Governor Wouter van Twiller dismissed the Dutch colonial assembly invariably at the last puff of his third pipe of tobacco. A Montagnis Indian of Canada will set up a tall stick in the snow when traveling ahead of friends who are to follow. He marks with his foot the line of shadow cast, and by the change in the angle of the shadow the oncoming party can tell on arriving at the spot about how far ahead the leader is. Doubtless the first timekeeper was the stomach, which notified its owner when the hour for a meal arrived.

Battles Decided by a Single Shot.

There are certainly three instances on record of a siege or battle having been decided by a single shot. First in order of importance was the shot believed to have been fired by one of his own men which killed Charles XII. in the trenches of the fortress of Friedrichstein, which immediately led to the raising of the second siege of Friedrichshall. This is perhaps the most important musket shot ever fired in the history of the world. Next comes the discharge of the mortar fired by Lord Cochrane during the defense of Port Trinidad in 1808. This shot foiled a French surprise and saved the fortress. Lastly, there was the single discharge of grapeshot which saved the fortress and town of Haddington in 1548. The French invaders had actually forced their way into the outworks of the castle when the one well directed shot created such havoc in their densely packed ranks that there ensued an immediate panic, which ended in flight.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co

LA GRIPPE

Pneumonia follows La Grippe but never follows the use of

FOLEY'S Honey and Tar

It stops the Cough and heals the lungs. Prevents Pneumonia and Consumption.

Mrs. O. Vachers, of 187 Osgood St., Chicago, writes: "My wife had la grippe and it left her with a very bad cough on her lungs which Foley's Honey and Tar cured completely."

ERIOUS ACCIDENT TO YOUNG LADIES

ghters of Hon. John G. Dampier Were Seriously Burned.

SSISTANCE CAME TOO LATE

ther of the Young Ladies, Attracted by Screams, Threw Bucket of Water on Victims, But They Were Seriously Burned.

One of the saddest accidents that ever occurred in the Hague neighborhood was the painful burning of Misses Mina and Johnnie Dampier, daughters of Hon. John G. Dampier, which occurred two or three days ago, and from the result of which both young ladies have suffered a great deal. Had it not been for the presence of mind of their brother, Harry Dampier, both might have been burned to death.

Miss Johnnie, who is a lass of four-teen years, in some manner had her dress ignited. Naturally excited, she rushed through the house, when her sister, Miss Mina, caught her and attempted to extinguish the flames. Being unsuccessful, her own clothing caught fire, and both were horribly burned before assistance reached them.

Harry Dampier was attracted by the screams, and, realizing the situation, secured a bucket of water, throwing it on the victims, but not until both had been severely burned.

Miss Johnnie was compelled to take her bed, and is yet in a serious condition. While the older sister was badly burned, her condition was not so critical.

Friends of the Dampier family, who are among the most widely known in the county, deeply sympathize with them in their trouble, and trust that the victims will soon completely recover.

EUREKA!

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. GOSLEY, Rootville, Pa. For sale by all druggists.

Picnic At Tacoma.

W. G. Richardson has returned from Tacoma, where he has been on a visit to friends and relatives for the past few days. Mr. Richardson states that he attended a picnic at Tacoma on Saturday. There were a number present, and plenty of the best to eat, tempingly prepared. 'Dolph Chamberlin was master of ceremonies, which is an assurance that the affair was a grand success.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy *of known composition* a secret nostrum *of unknown composition*. Don't do it.

Work Has Been Completed.

Tokio, April 13.—Afternoon.—When the management of the Manchurian railroad was transferred to Baron Gotos company on April 1, the Japanese government commenced with drawing the warrant of the troops employed in Manchuria. This work was completed on April 8, whereupon the imperial government at Pekin warmly thanked Japan, who it is expected will instruct its railway guard to one half the number of men as stipulated by treaty, negotiated at Portsmouth, which limited the number of guards to five men per kilometer.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Death Sentence for Feist.

Nashville, Tenn., April 15.—Judge Hart Saturday morning in the criminal court denied an application for a new trial in the case of J. Herman Feist, a prominent physician of this city, who was recently convicted of the murder of Mrs. Rosa Mangrum, whose body was found in the river at Cairo, Ill. The trial of Dr. Feist was one of the most sensational in the annals of Tennessee. Dr. Feist was sentenced to be hanged on June 21. He will appeal to the supreme court.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Sale of White's Pictures.

New York, April 15.—The second and last evening of the sale of Stanford White's pictures at Mendelssohn hall brought returns of $31,260. This, with the $12,272.50 of the first evening's sales makes a total for the 125 pictures of $51,532.50. The furniture and decorations recently sold brought $125,804.50, making the total realized for the entire sales the sum of $177,377.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. GARON, Posco, Ga. This remedy is safe and sure. For sale by all druggists.

CHATHAM MAY HAVE HANGING.

No Legal Execution of White Man So Far in Chatham.

Savannah, Ga., April 15.—No white man has ever been legally executed in Chatham county, but Willie Rogers stands a fair chance to be the first. Perhaps his last hope of life passed Friday, when the supreme court of the state declined to change the verdict of the jury finding Rodgers guilty of the murder of his wife.

If Rogers manages to evade the gallows it must be through the agency of the prison commission, and it is believed that there are few, if any mitigating circumstances about his act that will commend him to the consideration of that body.

Wantonly Rogers shot down his wife in a cook shop on Williams street last year. The evidence clearly showed deliberate murder. He fired several times at the unarmed woman.

December 23 last was set as the date for the execution of Rogers, but the appeal interefered with its being carried out. He will soon be resentenced.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Fatally Wounds His Uncle.

Bardwell, Ky., April 15.—Edward Stockton, 17 years old, the son of Gilford Stockton, farmer, shot and wounded his uncle, J. F. Stockton, beat his uncle's wife into insensibility with the butt end of a gun, saturated her clothing with coal oil and attempted to set her on fire. Both victims are in a dying condition. Stockton was arrested. There is intense excitment, and violence to the prisoner is threatened. The authorities are taking precautions to protect him. It is believed by some that the youth is demented.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.
